Ashlar-Vellum™ Releases Graphite™ v7.6 Service Pack 2

For immediate release.

September 21, 2005 Austin, TX. Ashlar-Vellum today announced the availability of Service Pack 2 for Graphite v7.6. This free service pack rolls together several minor issues with v7.4 that have previously been hot-fixed, plus the translation of Graphite into Japanese using the ShiftJIS character set. The service pack includes a new, user-friendly download process for Mac OS X.

The service pack is free for the download to all current users of Graphite v7.X, including those who have a courtesy license through their Cobalt and Xenon v6 and v7 licenses. A CD-ROM may also be ordered for US$8.25, plus shipping and handling.

To download the free service pack or to purchase the CD, go to:
http://www.ashlar-vellum.com/sections/support/updates/updates.html.

For those customers under the Ashlar Service Advantage Program (ASAP) maintenance contract for physical materials, the CDs will be mailed free of charge.

Founded in 1988, Ashlar-Vellum is the leading provider of precision CAD and 3D modeling software that automates and simplifies the design process for drafting, design, and engineering professionals on both the Macintosh and Windows platform.
